HIGH-PERFORMANCE ALUMINUM TRIM COIL

PREMIER QUALITY FOR **SUPERB**
ARCHITECTURAL PRECISION

BROUGHT TO YOU BY

Alside[®]

IMPECCABLE STYLE WITH CAREFREE UPKEEP

There's nothing like a crisp, pristine finish to draw attention to the trim areas and architectural details of a home. And one of the best ways to achieve striking results is to use a trim coil of exceptional quality – one that combines superb forming properties with a luxurious and protective finish. Performance G8 Trim Coil makes it easy to add personality and curb appeal to your home.

SEE THE DIFFERENCE!

Performance G8's flexibility, formability and highly durable topcoat ensure a superb installation and long-lasting beauty. In these unretouched photos, a nickel rubbed across the surface of Poly and PVC finish coil easily leaves marks, while mar-resistant Performance G8 continues to look great!

THE PERFORMANCE G8 QUALITY DISTINCTION

UV Protection Prolonged exposure to ultraviolet rays can cause irregular coloring. Performance G8's specially formulated finish coat delivers the needed protection, in addition to improved gloss retention, resistance to chalking and fading, and a beautifully consistent appearance.

Stain Resistance The stain inhibitors in Performance G8's finish coat resist damage and stains from trees, dirt, oils, salt spray and other harsh environmental elements. Built with easy upkeep in mind, Performance G8 can be cleaned with plain water to remove most airborne dust and dirt, keeping your home fresh-looking and clean.

Peace of Mind Performance G8 is backed by a 30-Year Limited Warranty, further assurance of superior quality and value. See printed warranty for details.†

A MORE SUSTAINABLE CHOICE

Aluminum's easy and infinite recyclability helps make it a more sustainable building material. The aluminum used in Alside's trim coil contains >90% pre/post-consumer recycled content and is 100% recyclable.††
